EXPERIENCE

Amazon, Multiple Locations — *Operations Manager*

December 2017 - March 2023

Launched 6 fulfillment centers with the newest Amazon technologies available at the time. Managed 150 associates in daily outbound operations. Help develop and aid development of 12 Amazon promotions.

Improvement Assurance LLC, Colorado — *QA Tester*

November 2017 - Sept 2019

Tested new features that the development team built while providing thorough feedback on issues. Provided written procedures to recreate errors while in the development environment. Monitor build cycle to ensure timelines are on time and suggest features to the development team.

EDUCATION

Zero to Mastery Academy, Online — *Certificate*

February 2023 - Present

Pursuing Web Developer Certification covering full-stack development and current technologies that companies are using. Formed a study group that is an open space for questions on concepts or builds.

SoloLearn, Online — *Certificates*

JavaScript, React and Redux certificates completed
